

Making Motherhood Easier

Happy Days Follow
The Flight of the Stork

SO profound is the effect which the unborn infant has upon the mother that she may be said to tingle to her very finger tips.

The conditions of pending motherhood, existing as they do, over a protracted period of months, create almost a new state of being for a woman. Just as she prepares herself for it, so will meet favorable conditions prevail when her child is born.

Under all normal internal conditions, women who use Mother's Friend need have no apprehension about the ultimate results of maternity. On the contrary, the period of duration in expectancy will be one of joyful anticipation; a looking forward to the wonderful event in perfect serenity.

USED BY THREE GENERATIONS

"My mother used Mother's Friend before I was born 26 years ago and my birth was practically a painless one," writes one enthusiastic mother. How very natural then that her own mother, whose experience had unqualifiedly proven the virtue of Mother's Friend would have her daughter enjoy the same benefits.

WHOOPIING COUGH IN VIOLENT FORM

Birmingham Mother Says Lung-Vita Relieved Her Children.

BETTER RIGHT AWAY In Short Time After Starting With the Medicine Children Were Well.

Lung-Vita Now Called L-V

"About one year ago my three children had whooping cough in a most violent form, and someone told me to use Lung-Vita, which I did," says Mrs. L. M. McRae, 219 S. 4th Street, Birmingham, Ala.

"In ten days or less they stopped whooping and in another week the cough ceased and the children were well. Immediately after commencing Lung-Vita I noticed an improvement and continued to give the medicine until they were well. I regard Lung-Vita as an excellent medicine and am pleased to endorse it."

The medicine Mrs. McRae tells of is now called L-V. The change is in name only, however, for the medicine is exactly the same. Until the present supply of our drugstore is gone he will furnish you our medicine under the name of Lung-Vita, but after that under the name of L-V.

Remove Roots as Well As Surface Hairs (Something New and Different)

The chemist who discovered the remarkable hair-destroying properties of phenelene has conferred a genuine blessing upon a multitude of women. This peculiar substance seems to penetrate and shrink up the hairs to which it is applied, right down to their roots—and these hairs come out very easily and quickly, roots and all, before one's very eyes! Phenelene is perfectly odorless, non-irritating, nonpoisonous—a child could eat it without the least harm. Not to be compared at all with depilatories or smooth and hairless, no one would guess you ever had a moustache or other hairy growth. If you will obtain a stick of phenelene from your drugstore and follow the simple instructions, you will certainly be "more than pleased."

The Perfect Oil for Salads

IT is delicacy and smoothness that make real Mayonnaise Dressing. It is delicacy and smoothness that make Mazola so popular with those who like Salads properly dressed. Italians who know real olive oil are enthusiastic about Mazola.

Your grocer sells Mazola at much less the price of the best olive oil, which permits you to have salads at home as often as you please without worrying too much about the cost of the dressing.

Make This Delicious Mayonnaise Dressing Today

2 Eggs, Yolks only 1 pint of Mazola 1 teaspoon of Mustard
1 dash of Pepper 1 teaspoon of Salt 4 tablespoons of Vinegar

Have all ingredients and mixing utensils cold. Mix dry ingredients. Add egg yolks and when well mixed add 1/2 teaspoon of vinegar. Add Mazola drop by drop until the mixture begins to thicken, beating slowly. As soon as the mixture thickens, add the remainder of the vinegar, a little at a time. Now beat in the remainder of the Mazola gradually until all is used. The mayonnaise should be thick enough to hold its shape. Put in a glass jar and cover close. Place in the ice box to be used when needed. It will keep for weeks! Do not stir it when you open it; take out as much as you need with a tablespoon, and close the jar.
